Life should flow

Life should flow

CONTENTS

INTRODUCING THE JACUZZI® LIFESTYLE

Our priority is to restore the rhythm and balance in your life. At those times when you want re-energising or those moments when you want to relax, we're here to help your life flow. A Jacuzzi® hot tub is that re-vitalising, rewarding constant in your life – rejuvenating you after another busy day, refreshing you ready for the next.

A regular full body massage promotes better circulation by increasing the blood flow around your body, making you feel more energetic and revitalised. A healthy body is an active one and a Jacuzzi® hot tub can support your healthy lifestyle.

Researchers have observed the healing effects of hydrotherapy; improved circulation, decreased joint pain and acceleration of the body's natural healing processes. The beneficial effects of a hydrotherapeutic experience could be taken even further as it is thought to help ease the symptoms of arthritis, whilst also providing temporary relief from chronic pain and promoting more restful sleep.

We've teamed up with John Lewis to provide you with a full genuine Jacuzzi® hot tub package, including everything you need to set up and enjoy your Jacuzzi® hot tub straight away. You can now buy genuine Jacuzzi hot tubs online at johnlewis.com and have your own Jacuzzi® hydrotherapy experience within 8 weeks.

Many people mistake a 'Jacuzzi' for a hot tub. In actual fact Jacuzzi® is a brand name. Based in California our Jacuzzi hot tub engineers have been making hot tubs and whirlpool baths for over 50 years. We launched the hydrotherapy experience and continue to lead the industry with innovation and product development.

If a hot tub is a real Jacuzzi® hot tub, it will literally have our name on it. Look out for the Jacuzzi logo as a mark of genuine, proven quality. Take a peak inside a Jacuzzi® hot tub and you will see what we mean. It is like looking under the bonnet of a luxury car. We believe in providing you with the best experience and we want you to have absolute faith in its capability for years to come.

A Jacuzzi® hot tub is an investment that will provide enjoyment and relaxation for all your family.

JACUZZI® FAMILY

With so many family hobbies, schedules and commitments, it's difficult getting everyone together. Switch off the play station, laptop and Nintendo DS® and enjoy your Jacuzzi® Family hot tub. It is just the right size for relaxing or enjoying quality time with loved ones. You'll be surprised how a Jacuzzi® hot tub can get everyone talking again. Spending time away from the pressures of everyday really reminds you that it's the little things in life that truly matter. Relaxing in warm water everyday can make a real difference to your health and your lifestyle. Go on, take the plunge and improve your well being.

FEATURES OF THE JACUZZI® FAMILY INCLUDE

- 193 x 213 x 86 cm
- Seats 4-5 people
- 15 Powerpro® jets
- 4 headrests
- Water Rainbow® waterfall
- Stainless Steel jet plates
- Includes ProLites LED lighting

JACUZZI® DUO

Our Jacuzzi® Duo hot tub is a compact, yet very spacious little hot tub. Enjoy intimate bathing for two under a romantic starlit sky or simply enjoy the deeply contoured therapy seat for individual, invigorating therapeutic relief. On your own or with another, you'll notice the difference hydrotherapy can make in your life.

With all the great features of a Jacuzzi® hot tub, you'll see that good things do come in small packages.

FEATURES OF THE JACUZZI® DUO INCLUDE

- 193 x 168 x 81 cm
- Seats 2-3 people
- 13 Powerpro® jets
- 3 headrests
- Water Rainbow® waterfall
- Stainless Steel jet plates
- Includes ProLites LED lighting
- Includes a therapy lounger

WHAT MAKES A JACUZZI® JET UNIQUE

Jacuzzi® patented PowerPro® jets are designed to stimulate and deliver the maximum hydrotherapeutic benefits. The performance and positioning of our jets truly determines the quality and comfort you will experience in your hot tub. Our dynamic hot tubs have strategically positioned jets capable of delivering a relaxing, gentle massage or more intensive deep muscle massage by using a 50/50 air-to-water ratio. Every jet has been specifically designed to target the key areas of the body, giving you a hydrotherapy experience unlike any other.

PowerPro® NX2 Jets

Available on the Jacuzzi® Deluxe, these adjustable and directional jets create a steady, high intensity flow of water providing relief and comfort to the sensitive neck area.

PowerPro® FX2 Jets

Delivering vigorous massage without moving parts, the FX2's distinct spiral action produces a surging stream of air and water that provides intensive hydrotherapy.

PowerPro® MX2 Jets

Strategically positioned to deliver a bold massage, the MX2 jets are based on the original Jacuzzi® jet. These next generation jets deliver maximum volume at a higher air-to-water ratio.

PowerPro® IX Jets

This illuminating jet creates a dramatic impact. Maximum airflow is combined with high-output LED lighting to create a unique, champagne like effect as the multi-hue light is carried by the bubbles to the water's surface.

JACUZZI® ORDERING, INSTALLATION & SERVICE

You've done the hard part – choosing the Jacuzzi® hot tub you want! Now you can relax and leave the rest to us. Simply place your order, tell us about your garden, confirm when you want it to be delivered and your new hot tub will be with you within 8 weeks. We'll stay with you every step of the way.

- 1 Order online at www.johnlewis.com
- 2 We'll send you an order acknowledgement by email
- 3 We will also send you a customer pre-delivery check sheet to help us get a better idea of your delivery requirements
- 4 We'll call you up to arrange a delivery date to suit you
- 5 We will deliver your hot tub and bring an engineer to install it and help you set it up properly
- 6 We'll also help you get to know your Jacuzzi® hot tub and understand how to look after the water (it's really easy)
- 7 You'll receive a Guarantee Card which you can register online at www.jacuzzi.co.uk
- 8 You can also visit www.jacuzzi4you.co.uk where you can purchase accessories, extra filters and all your Jacuzzi hot tub chemicals online. We'll sometimes send you our latest offers on chemicals or accessories that may interest you.
- 9 You can even follow us on Facebook or talk about your new Jacuzzi hot tub with us on Twitter. We'd love to hear from you.  
- 10 For any further help or advice please ring us at Jacuzzi UK on 01274 654761

You'll have everything you need to get started.

All jacuzzi® hot tubs are supplied complete with cover, matching steps, cover lifter, filter and chemical starter pack.

JACUZZI® MAINTENANCE/SPECIFICATION

MAINTAINING YOUR JACUZZI® HOT TUB

Hot tub water must be kept clean and safe for use. Water should circulate throughout the day to avoid it becoming stagnant. All Jacuzzi® hot tubs have circulation and filtration cycles. As it circulates, the water in a Jacuzzi® hot tub is also cleaned as it passes through Jacuzzi® filters. Programs are set to filter automatically on your Jacuzzi® hot tub, so you don't have to remember to do it.

It's really simple to look after your Jacuzzi® hot tub. Our engineer will help you chemically treat your water and show you how to keep it safe all year. Jacuzzi UK is a member of BISHTA and adheres to regulated water treatment standards. John Lewis promote safe water practice with the assistance of Jacuzzi UK.

TIP

See our Jacuzzi® Chemicals guide for more information about looking after your hot tub. Download available on JohnLewis.com or by ringing Jacuzzi UK on 01274 654761.

We understand how important it is to support all of our customers with any concerns regarding their new hot tubs. All Jacuzzi® hot tubs carry a unique serial number and are fully guaranteed against manufacturing defect under the following warranty:

Shell and Cabinet 3 years

Hot Tub Cover 1 year

All Hot Tubs available in Desert Sand with Teak Cabinet & Steps OR Silver Pearl with Roast Chestnut Cabinet & Steps.
